

New and improved

FLORIDA ROOM

Easily double your living space with the new Florida Room enclosures. The Florida Room includes: full light transparent windows with curtains provided, a moveable door that can be positioned on the left or right hand side, and our new anodized aluminum Clip System. The Clip System is a patented closure that keeps your awning and Florida Room secure, preventing any leaking or flapping of the fabric. Our Florida Pro Anchor and skirting options also help protect from wind and rain eliminating drafts; adding more comfort and quietness to the enclosure.

Nancy and I slept in it through lightening/thunder/rain and stayed safe and dry while the grandkids and daughter slept inside. I think it's worth the cost...great quality. When folded it fits nicely in rear basement storage and doesn't take up much room.
